

SH3288 Fruit Case Assembly Instructions

Difficulty Level: Beginner

Setup Time: 15 minutes

Tools Required: None

- On a flat surface, connect all the hook ended pipes with the shorter pipes.
- Attach them to form the horizontal base using the three-way connector at the corners, then connect 4 of the longer pipes horizontally.
- Using 2 of the T-shaped connectors, connect the two sides with the rear of the net frame snapping the longer pipes into the four-way connectors.
- Repeat the previous step for the top portion of the frame using three-way connectors, additionally adding two longer pipes at the front and rear of the frame.
- Drape the net over the frame. Secure it using the green ties at the bottom of the frame.
- Use the zipper to open/close the net.
